To the parent of:

Dear Parent,

Your child attends **Gibbons Street Elementary**, which receives federal Title I funds to assist students in meeting state achievement standards. Your child's school has not met these standards in reading and/or mathematics for five years. This school has been identified as a School in Planning for Restructuring which means that the district must develop a plan to restructure the school.

As a parent, you are invited to participate in the planning process and submit comments on the proposed restructuring plan. Restructuring the school may include:

- Reopening as a charter school
- Replacing all or most school staff
- Allowing a private company to operate the school
- Other restructuring that changes the way the school operates

Compared to other schools in the district, your child's school is performing **better** in **reading, math, and writing**. The table below shows the percent of proficient students in our school compared to other schools in the district and state.

% of Students Scoring Level 3 (Proficient) or Higher on FCAT			
SUBJECT	SCHOOL	DISTRICT	STATE
Reading	69%	55 %	62 %
