Florida Statute

1008.345 Implementation of state system of school improvement and education accountability.—

(d) The commissioner shall assign a community assessment team to each school district or governing board with a school graded "F" to review the school performance data and determine causes for the low performance, including the role of the school, area and district administrative personnel. The community assessment team shall review a high school's graduation rate calculated without GED tests for the past 3 years, disaggregated by student ethnicity. The team shall make recommendations to the school board or the governing board, to the department, and to the State Board of Education for implementing an assistance and intervention plan that will address the causes of the school's low performance. The assessment team shall include, but not be limited to, a department representative, parents, business representatives, educators, representatives of local governments, and community activists, and shall represent the demographics of the community from which they are appointed.

Expectation

- The team shall review the last three years of disaggregated data to identify areas of low-performance.
- The team shall review a high school's graduation rate calculated without GED tests for the past 3 years, disaggregated by student ethnicity and shall make recommendations to the school board, the Department and to the State Board of Education.
- The team will report monthly progress of school improvement through monitoring tools for School Improvement and Florida's Continuous Improvement Model (see attached).

Timeline

- September 1, 2006 – List of names of team due to Department of Education School Point Administrator
- October 30, 2006 – Submit on-line team report to Department of Education then monthly thereafter.
