Convert school to a district turnaround school 2. Reassign students and monitor progress 3. Close and reopen as a charter school 4. Contract with an outside entity to run the school

* Schools with FCAT performance points of 435 or higher or ungraded schools enter DA after missing Adequate Yearly Progress (AYP) for two consecutive years starting from 2002-2003. An "AYP Count" value is assigned to all schools. The AYP Count starts at 1 for a school that has missed AYP for two consecutive years. The count increases for each year that a school in DA misses AYP. A school must make AYP two consecutive years to exit DA. If a school in DA then makes AYP one year, the school's AYP Count freezes. However, if that school then misses AYP in the following year, the school's AYP Count resumes. Reaching AYP for two consecutive years resets the AYP Count at zero. To re-enter DA, a school would need to miss AYP for two consecutive years or be graded D or F.

** To exit the Intervene category a school must make significant progress after one year. Significant progress is defined as: 1. "C" elementary and middle schools and high schools with 435 FCAT performance points or greater. 2. The school's AYP performance improves so that at least one subgroup in reading and at least one subgroup in mathematics that previously did not make AYP has made AYP.

***For the purposes of DA, high school status is calculated on FCAT performance only (800 points based on reading, mathematics, writing, and science scores).
