Student Progression Plan Guide 2007-2008

Summary: The Student Progression Plan Guide 2007-2008 includes statutory changes resulting from the 2007 Florida Legislative session and updated resources to assist with statutory implementation. The Department encourages student progression plan policy revisions to include strategies that are designed to improve student promotion rates.

Through the use of student progression plans districts help to ensure that the required program of study, placement, promotion, reporting, retention, and assessment procedures are equitable and comprehensive, thereby providing accountability for all students.
