## WHAT IS THE FCAT EXPLORER?

The FCAT Explorer is a free, online practice program from the Florida Department of Education. Packed with cool graphics and lots of FCAT-like questions, the FCAT Explorer can help you get ready to pass the Grade 10 FCAT. And since the FCAT Explorer is online, you can practice on your own—*anytime* you're ready, *anywhere* there's a computer connected to the Internet.

## HOW CAN THE FCAT EXPLORER HELP ME GET READY FOR THE FCAT?

Whether you're retaking the Grade 10 FCAT or taking it for the first time, the FCAT Explorer can help you get ready by letting you practice the skills you'll need for a passing score.

The FCAT Explorer offers two practice programs for high school students: *Reading Timeline: 10th Grade Benchmarks* and *Math Timeline: 10th Grade Benchmarks*. These programs let you practice all of the 10th grade Strands and Benchmarks that are tested on the Grade 10 FCAT. With every question, you'll get feedback to help you understand the answer

you chose. If you miss a question, you'll get a helpful tip and a second chance to get that question right.

## WHAT IF I NEED EXTRA HELP?

Your sign-in name and password let you practice in any FCAT Explorer program. If the programs at the 10th grade level seem too challenging, try *Interactive Library: 8th Grade Benchmarks* and *Math Navigator: 8th Grade Benchmarks*. Then whenever you're ready, move up to *Reading Timeline* and *Math Timeline* for the full challenge.

## HOW DO I GET STARTED?

To start using the FCAT Explorer, just follow these three simple steps:

1. Get your FCAT Explorer sign-in name and password from your school's FCAT Explorer Administrator. (Ask a teacher or your principal to tell you who the FCAT Explorer Administrator is.) You can also phone the FCAT Explorer Support Team toll-free at 1-888-750-3228.
2. Log on to **www.fcateexplorer.com**.
3. Select a program and get started!
